QUIGG PETITION OF 1,000,000 FORCED BELMONT TO QUIT

Promoter of "Public Spirit" Tells How a Great Bluff Was Worked on the Financier to Compel Him to Agree to the Merger.

"Volume I" of a petition miles long and containing a cold million of bona-fide signatures was the prize exhibit to-day before the Public Service Commission.

Did the petition bring Mr. Belmont to book? Well, Mr. Quigg never had to take the petition to the Rapid Transit Commission.

Mr. Quigg was asked if he had not purposely destroyed evidence of the names of the persons to whom he had given "cash" in connection with his work for Thomas F. Ryan.

"Precisely," was the bold reply. He also named Tracey Rogers as the former legislative agent of the Metropolitan Interests at Albany.

"Sure He Can't Find Checks." D. Clifford Morehead, secretary and treasurer of the defunct New York City Railway Company, was recalled to the stand.

"I am quite sure I cannot find them," he said. "I have spent the greater part of two days in their quest."

"Did you ever sell those checks for cash?" "I do not recall that I did," was the reply.

Mr. Quigg gave up the task finally and Morehead surrounded the witness chair to Mr. Quigg.

Arthur H. Masten, special master in the recent gas hearings, wrote a letter to the commission, which was read.

Mr. Masten, as counsel for the receivers of the New York City Railway Company, in reply to the massive letter to the commission, declared by the company were at the disposal of the commission.

"I am quite sure I cannot find them," he said. "I have spent the greater part of two days in their quest."

"Did you ever sell those checks for cash?" "I do not recall that I did," was the reply.

TIGERS WIN EASILY; NAPS ARE SHUT OUT

Senators Are Playthings for Pennant Race Leaders in Part of Game—Athletics Give Cleveland a Surprise.

The Detroit American League team, certain of winning from Washington in the last game of the series, simply toyed with the Senators during the latter part of the battle and let the home talent score a sufficient number of runs to take the sting out of their defeat.

In Philadelphia the near-leaders gave Cleveland a hard fight, succeeding in blanketing them. The victory goes to the credit of Dygert, who pitched fine baseball.

\$100,000 LOST ON ALFRED NOBLE IN STAKE RACE

Uncle Shows Great Speed and Wins Triumph Mile at Brighton.

(Special to The Evening World.) BRIGHTON BEACH RACE TRACK, Oct. 3.—"Uncle is a racehorse," said John E. Madden in the paddock as the two-year-olds were being saddled for the Triumph Mile stake here to-day.

Ten minutes later Uncle had proved the truth of the great trainer's statement, when, after being nearly left at the post, he ran around the entire field and beat out Spooner by a nose on the post.

This was due to the great ride put up by Jockey "Pine" Campbell with the natural keenness of the colt that won the race.

Few races this season have brought out bigger betting than the Triumph. Thousands of dollars were dumped upon the bookmakers on Alfred Noble, for the tip was freely circulated that the colt was the best of the year baring Colton.

The men on the high stools in the betting ring couldn't handle the money fast enough. One hundred dollar bills sent his price from 4 to 1 to 2 to 1 in a hurry, and when the money kept pouring in, Uncle, too, was liberally backed, but the bulk of the coin went on Alfred Noble. The result of the race left \$100,000 of this latter money with the bookmakers.

Starts Like a Quarter Horse. Alfred Noble started off like a quarter horse and led almost to the turn for home. It didn't look as if anything in the race could catch him. At this point, however, Miller got busy on Spooner and when the two-year-olds were closing in, Alfred Noble cut when caught, so the race from the bend home looked between Spooner and Meelick. The last named dropped behind Miller's mount and for the fraction of a second it looked as if Spooner would get home alone.

In the middle of the stretch, however, Uncle, which had all the worst of the break, was coming strong. He caught Spooner ten yards from the finish and ran there to the end. It was a drive, with Uncle just getting up on the post.

Ramrod Ran Good Race. Salvatiello had all her speed in the opening dash, and after getting off in front, galloped all the way, winning by three lengths from the Keene maiden Summer Cloud. Algelone ran behind Salvatiello to the stretch and then gave way to Summer Cloud. Of the others Ramrod played a hand in the race, as he was with Brussels. He was away fast and making a good showing in the back stretch, almost finishing a good fourth. With a poor break he surely would have got part of the money.

How "Also Eligibles" Figure. How Woodchuck got into the second race is a mystery. His name was not in the entries sent out last night, and consequently he could not be figured. The first news the public got of his starting was when his name was put on the starter's board, with Miller as pilot. He won all the way. Hyperion II followed him closely to the stretch, but here could not explain it. Possibly Nicol might explain it.

Marster came on strong at the fifth to be an easy second in front of Vino. The race was a heavy play, and he was off absolutely last, but ran around his field most of the way and finished third.

Foaled the Regulars. The regulars said Jack Atkin could not carry the weight in the third race, and accordingly as good as 4 to 1 was laid on him. He was, however, did carry his weight and won easily. Prince Hamburg was a heavy play, and he was off absolutely last, but ran around his field most of the way and finished third.

Woolstone, a long shot, won nearly all the way in the fifth race. The rest under a hard drive to catch her, was the finish of the sixth race, which was a scramble for two-year-olds. Aunt Rose, Delaney, and Miller were the main players. Aunt Rose, Delaney, and Miller were the main players. Aunt Rose, Delaney, and Miller were the main players.

Marbles All the Way. Marbles all the way, with Chulita under a hard drive to catch her, was the finish of the sixth race, which was a scramble for two-year-olds. Aunt Rose, Delaney, and Miller were the main players. Aunt Rose, Delaney, and Miller were the main players.
